Self-Adhesive	Yes
Shape	Square/round , Other Shape Can Be Customized
Material	Soft Cloth
Fda Cleared	Yes
Jack Diameter	Φ2.0mm
Type	Reusable
Adhesive	Gel

Applications:

One of the most common applications for Tens electrode pads is for pain relief. These pads are often used by people with chronic pain, such as arthritis, back pain, or fibromyalgia. They can be applied to the affected area and used in conjunction with a Tens machine to help alleviate discomfort and promote relaxation.

Another use for Tens electrode pads is for muscle stimulation. Athletes and fitness enthusiasts may use these pads to improve muscle tone or to aid in recovery after a workout. The pads can be placed on specific muscle groups and used with a Tens machine to stimulate the muscles and promote circulation.

Tens electrode pads can also be used in a clinical setting, such as in physical therapy or chiropractic offices. These pads can be used to help patients recover from injuries or surgeries, or to manage chronic pain conditions.

One unique feature of the Janejoy J01 Tens electrode pads is their customizable shape. While the standard shape is square or round, other shapes can be customized to fit specific needs. This makes them particularly useful for patients with irregularly shaped or hard-to-reach areas of pain or muscle tension.

Overall, the Janejoy J01 Tens electrode pads are a reliable and versatile product that can be used in a variety of settings. Whether for personal use at home or in a clinical setting, these self-adhesive electrodes are an excellent choice for anyone seeking pain relief or muscle stimulation.

Customization:

The electrodes are flexible and available in square or round shape, and can be further customized to meet individual needs. They are reusable up to 30 times, making them a great choice for long-term and cost-effective use.

Choose Janejoy for your Tens Electrode needs and enjoy a customizable and reliable product that helps you achieve your physiotherapy

goals.

Support and Services:

Our Tens electrode product comes with the following technical support and services:

- User manual and instructions for use
- Troubleshooting guide and FAQs on our website
- One-year warranty for any defects or malfunctions
- Customer support via email or phone for any questions or concerns
