Product Description

Quiet Portable Nebulizer Machine Less Than 60dB Noise Level

Product Description:

The Portable Nebulizer Machine is easy to use, thanks to its simple operate method. It comes with an adapter for power, so you don't have to worry about running out of battery. It is also equipped with USB recharge, making it convenient to charge the device on the go. Customization is key, and we understand that. That's why the Portable Nebulizer Machine comes with an option for customer logo customization. You can have your logo printed on the device to make it uniquely yours. This feature is perfect for clinics, hospitals, and other healthcare facilities that want to promote their brand.

The Portable Nebulizer Machine boasts a nebulizing rate of $\geq 0.25\text{ml/min}$, making it efficient in delivering medication to your lungs. This feature is especially important for those with respiratory conditions, such as asthma, COPD, and bronchitis.

The Portable Nebulizer Machine operates using an ultrasonic technology, which is a type of mesh nebulizer. This technology uses high-frequency vibrations to convert liquid medication into a fine mist, making it easier for you to inhale.

Overall, the Portable Nebulizer Machine is a reliable and convenient solution for those who need respiratory therapy on the go. Its portable design, easy-to-use features, and customization options make it stand out from other nebulizers in the market. Get yours today and experience the benefits of having a nebulizer that you can take anywhere!

Features:

Product Name: Portable Nebulizer Machine

Material: ABS

Instrument classification: Class II

Product Type: Portable Type

Power Supply: USB Cable

Atomization Rate: $\geq 0.2\text{ML/min}$

Technical Parameters:

Material	ABS
Customer Logo	Customized
Type	Ultrasonic
Power Supply Mode	USB Recharge
Instrument Classification	Class II
Operate Method	Adapter For Power
OEM	YES
Nebulizing Rate	$\geq 0.25\text{ml/min}$
Noise Level	Less Than 60dB
Product Type	Portable Type

Applications:

The Janejoy Portable Nebulizer Machine is a high-quality ultrasonic nebulizer that has been designed and manufactured in China. With an atomization rate of $\geq 0.2\text{ML/min}$, this portable nebulizer is highly efficient and can be used in a variety of situations and scenarios.

The following are some of the application occasions and scenarios in which the Janejoy Portable Nebulizer Machine (Model Number: J04) can be used:

Home Use

The Janejoy Portable Nebulizer Machine (Model Number: J04) is ideal for home use by individuals who suffer from respiratory conditions such as asthma, COPD, and bronchitis. It is also suitable for people who need to take medication through nebulization on a regular basis.

Travel Use

The Janejoy Portable Nebulizer Machine (Model Number: J04) is perfect for individuals who are frequent travelers. It is lightweight and compact, making it easy to carry around in a bag or backpack. The nebulizer can be used on a plane, train, or car, ensuring that individuals can take their medication wherever they go.

Outdoor Use

The Janejoy Portable Nebulizer Machine (Model Number: J04) is also suitable for outdoor use. It can be used while camping, hiking, or engaging in other outdoor activities. The nebulizer is powered by a rechargeable battery, so it does not require a power source, making it ideal for use in remote locations.

Hospital Use

The Janejoy Portable Nebulizer Machine (Model Number: J04) is also suitable for use in hospitals. It is classified as a Class II medical device, which means that it meets the highest standards of quality and safety. The nebulizer is also quiet, with a noise level of less than 60dB, making it perfect for use in a hospital setting.

Mobility Impaired Individuals

The Janejoy Portable Nebulizer Machine (Model Number: J04) is also suitable for individuals who have mobility impairments. The nebulizer is easy to use and can be operated with one hand, making it ideal for individuals who have limited mobility in their arms or hands.

In conclusion, the Janejoy Portable Nebulizer Machine (Model Number: J04) is a versatile and efficient ultrasonic nebulizer that can be used in a variety of situations and scenarios. Its portability and ease of use make it an ideal choice for individuals who need to take medication through nebulization on a regular basis.

Customization:

Our product customization services allow you to further enhance your experience with this incredible device. Choose from a variety of adapters for power, available to accommodate your preferred method of operation. Whether you prefer a traditional adapter or a more modern option such as a USB charging cable, we have you covered.

Made in China, the Janejoy Portable Nebulizer Machine is a top-of-the-line product that is designed to meet the needs of anyone who requires respiratory assistance. With our customization services, you can make this nebulizer even more tailored to your needs.

Support and Services:

The Portable Nebulizer Machine is designed to provide respiratory therapy for patients with respiratory disorders. Our product technical support team is available to assist you with any questions or concerns you may have regarding the operation or maintenance of your nebulizer. We offer a variety of services, including:

- Troubleshooting assistance
- Product repair and maintenance
- Replacement parts and accessories
- Product training and education

We are committed to providing our customers with high-quality support and services to ensure the best possible experience with our product. Please do not hesitate to contact us if you require any assistance.
